

Welfare Units

Welfare units offer flexibility and security to any building project.

Our welfare units incorporate a canteen and seating area including a kettle, microwave and sink with hot water, drying room and chemical toilet with an integral 6 kVA generator. There is an optional replenishment of water and diesel fuel.

Welfare units are towed easily to site and are suitable to be moved around a developing project. These units do not require HIAB delivery, therefore saving on transportation costs and can be delivered with a smaller vehicle to aid restricted access. This anti-vandal, secure unit uses hydraulics to conceal the wheels to prevent theft.

As with all of our hire items, these welfare units are HSE compliant and offer first class welfare facilities.

The South's Leading Welfare and Sanitation Provider

"Great service from initial phone call to pick-up at the end. Well done."

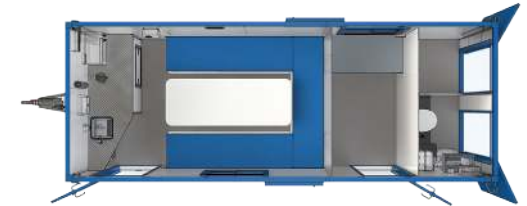

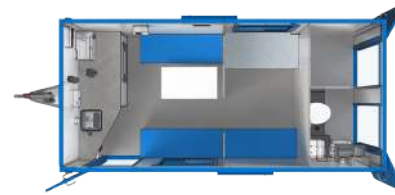

Andrew, Construction Customer

Eco Smart technology to reduce energy use & running costs
